

Did You Know?

Harford County Office of Recycling

Harford County residents recycled
182 tons of electronics in 2011

E-cycling

Saves landfill space

Protects natural resources

Reduces pollution

Conserves energy

Saves money

Maryland generates 150,000 tons
of electronics waste every year
(MDE, n.d.)

Recycling 1,000,000 laptops saves
the enough energy to power over
3,500 homes in the U.S. (EPA, 2010)

E-cycling prevents toxins found in
many electronics, such as, lead,
mercury & arsenic from entering
the waste stream (MDE, n.d.)

Recycling 1,000,000 cell phones
recovers 35,274 lbs. of copper,
772 lbs. of silver, 75 lbs. of gold,
and 33 lbs. of palladium (EPA, 2010)

Harford Waste Disposal Center

3241 Scarboro Road
Street, Maryland 21154

Monday-Saturday
7:00am-3:00pm

Most Electronics Recycling is free.

Effective October 27, 2014, CRT(tube/console/projection) TV's and CRT Computer Monitors will be recycled, thanks to a grant from the Maryland Department of the Environment. After grant funds have been exhausted, these items will no longer be recycled due to the enormous cost to recycle these items.

At that time these items may be continue to be disposed of at the Harford Waste Disposal Center (HWDC) but will fall subject to the residential flat fee.

Reduce E-waste

- Buy electronic devices that will last.
- Donate unwanted items to local organizations

From Bel Air:

Rt. 1 North to Rt. 543 intersection. Turn north on Rt. 543. Approx. 5 miles to Rt. 440, also called Dublin Rd., turn right onto Rt. 440. Approx. 4 miles to Scarboro Rd. Turn right on Scarboro Rd. Landfill entrance is approx. 1/4 mile on left.
